

SNAP

Vision

SNAP (Society of Northern Alberta Print-Artists) is a leading centre for printmaking in Canada. We advance visual culture, working with artists, audiences, and communities.

Mission

SNAP provides critical space and resources for printmaking production, exhibition, and education.

Values

Artist-Centred: SNAP is run by artists, for artists. Supporting artistic excellence and experimentation is at the heart of our programs and policies.

Inclusiveness: SNAP welcomes the exploration of different printmaking practices and outcomes. We are accessible to diverse audiences and communities.

Learning: SNAP's programs connect people with new ideas and approaches, from introducing printmaking techniques to professional development for artists.

Sustainability: SNAP is committed to being here for the long run. We will balance organizational growth with responsibilities to our members and partners.

Strategic Goals 2020-2025

Building Our New Facility: After ten years, SNAP is on the move. We have an expanded space and room to develop the facility for our users. We will work to establish ourselves as a trusted member of our new neighbourhood.

Artist Development: SNAP will explore opportunities for new programs that support advanced printmaking techniques, critical dialogue, mentorship, and career development.

Community Engagement: SNAP will continue adapting our programs and policies to increase access and support printmaking opportunities for underrepresented communities.

Attracting Donors and Supporters: To support SNAP's expanded operations, we will nurture a culture of philanthropy and volunteerism. SNAP will seek corporate partnerships that align with our vision, mission, and values.

SNAP respectfully acknowledges that we are located and operate on Treaty 6 territory.

This document and the support associated organizational strategies were developed with support from The Board Development Program through The Government of Alberta, and in particular with the guidance of Kim Ghostkeeper.

SNAP is grateful to our members, donors, and grant funders who contribute to the health and vibrancy of the organization.
