Project Description and Call for Artists!

SNAP is launching a poster-making project! We are looking for three artists in the Queen Mary Park community to each create a community minded poster. These posters can be anything text or image based, focusing on the needs, wants, or sentiments of artists in the community. SNAP would provide space, materials, one on one mentorship in screen printing, a $500.00 artist fee, and support in taping the posters up in the legal postering zones in our neighborhood. The goal of this project would be to connect with artists in the Queen Mary Park neighborhood, while sharing in public, arts-based community connection in this time of distancing!
